Two Easy Installation Options

Product Showcase — 5" Designer House Numbers

Taymor 5" Designer House Numbers elevate the look of your home entrance with a modern font available in matte black or satin nickel finish. Solid metal with UV coating, these durable house numbers can be mounted either flush to the wall or with a floating effect using the wall spacers included.

Modern design with no visible hardware

- 5" solid metal numbers
- UV coated for long lasting finish
- Concealed hardware
- Install flush to wall or pin mount for floating effect
- Includes wall spacers, zinc-plated steel mounting screws, wall anchors and installation template
